

REMOVE OPTIONS

Microbial Balance

	GI Microb-X™	A targeted blend of nutrients and botanicals with a long history of use for supporting a healthy microbial balance including berberine, barberry extract, bearberry extract (uva-ursi), black walnut, artemisinin (Sweet Wormwood), caprylic acid, and Tribulus extract.
	Oil of Oregano	A potent oil of oregano standardized to 60-75% carvacrol and thymol emulsified with olive oil to avoid irritation in small softgel delivery.
	Allicillin™	A concentrated, enteric-coated, blend of garlic and parsley oil standardized to 20 mg of garlic sulfides and ajoene, the most bioactive compounds formed from garlic.

Immune Support

	SilverPure™ Liquid	A patented complex of pure silver and purified water that supports a healthy immune system.
--	---------------------------	---

Gastric Mucosal Support

	GastroMend-HP™	A blend of nutrients and botanicals to support healthy gastric microbial balance including vitamin C, zinc carnosine, mastic gum, methylmethionine sulfonium, and deglycyrrhizinated licorice extract (GutGard®).
--	-----------------------	---

REPLACE OPTIONS

Steatocrit/Elastase

	Betaine HCl	Betaine hydrochloride (HCl) with pepsin to support hypochlorhydria and protein digestion.
	Digestzymes™	Comprehensive digestive support including betaine HCl, proteases, DPP-IV, lipase, and ox bile.
	Plant Enzyme Digestive Formula™	Digestive enzyme blend support ideal for brush border enzyme support and vegetarians.
	LV-GB Complex™	Comprehensive blend of nutrients and botanical extracts to support liver and gallbladder function, healthy detoxification pathways, and optimal digestion and absorption of dietary fats and fat-soluble vitamins.

REINOCULATE OPTIONS

Probiotics

	ProbioMed™ 50	Shelf-stable, dairy-free probiotic containing 50 billion CFUs per serving consisting of 10 researched probiotic strains.
	ProbioMed™ 100	Shelf-stable, dairy-free probiotic containing 100 billion CFUs per serving consisting of 10 researched probiotic strains.
	FloraMyces™	Shelf-stable, transient, non-pathogenic yeast with probiotic activity containing 10 billion CFUs as a proprietary strain of <i>S. bouardii</i> ideal for during and post antibiotic therapy, stabilizing the intestinal barrier function, and increasing secretory IgA.
	Probiotic Supreme-DF™	A dairy-free probiotic containing 15 billion CFUs per serving in a time released caplet consisting of 8 researched probiotic strains.

Prebiotics

	RS Fibre®	An unflavoured, 10-gram fibre blend of two forms of resistant starch (RS) type from organic green banana flour and organic potato starch powder.
--	------------------	--

Polyphenols

	PaleoReds®	Combines polyphenols from more than one dozen fruits and vegetables and their phytonutrients from red/purple group to help support optimal health.
--	-------------------	--

REPAIR OPTIONS

	GI Revive™	A comprehensive blend of nutrients and mucilaginous botanicals to support intestinal barrier function, gut-associated immune function, and a healthy inflammatory response in the gastrointestinal tract.
	L-Glutamine	A powder delivery option of glutamine to support the health and function of the mucosal cells for normal healing and repair.
	Aloe/200x™	500 mg of concentrated organically grown aloe vera extract per serving.
	DGL Synergy™	A chewable form providing 500 mg per serving of deglycyrrhizated licorice along with glycine to support the gastric mucosa.
	Tegrice® Colostrum	A clinically studied, immunoglobulin-rich extract from colostrum containing important bioactive compounds including IgG, growth factors, and peptides to support mucosal immune protection and a healthy gut integrity.
	FloraMyces™	Shelf-stable, transient, non-pathogenic yeast with probiotic activity containing 10 billion CFUs as a proprietary strain of <i>S. bouardii</i> ideal for during and post antibiotic therapy, stabilizing the intestinal barrier function, and increasing secretory IgA.
